Rodney gave the road report and stated that the crew had been plowing roads as needed and the roads have been staying in good shape. Rodney also mentioned that we had a break down with our old John Deere grader during the last storm so we have been running the back hoe as our backup. The only item of old business mentioned was the web page for the district. I had been told by Scott that there were just a couple of items left to take care of and it should be ready to launch. The only item of new business discussed was possibly starting to look for a newer grader to replace our old John Deere grader.

During public testimony we had a guest ask why we don't remove the berm of snow at the driveway entrances, the gentlemen was new to the neighborhood and this was his first winter here. It was explained that we were not responsible for clearing driveways and that a lot of people will have a contractor do snow removal for them. We had no Good of The Order.
